

# New Year's Resolutions

~~2022~~ 2023

1. Ensure all my passwords are unique and complex.
2. Don't ignore any messages my antivirus software generates.
3. Keep all software and operating systems up to date.
4. Avoid unfamiliar websites.
5. Make regular backups of all important files.
6. Ensure my Wi-Fi networks are secured.
7. Lock devices when not in use and don't leave devices unattended.
8. Avoid using public Wi-Fi.
9. Ensure websites are using HTTPS.
10. Schedule regular scans with antivirus software.
11. Stop Over-Sharing on social media.
12. Take Extra Care with Emails
