

# STOP.

# CLOSE.

# VERIFY.

**Real Browser Updates Come From Settings**

**NOT WEBSITES**

- ◆ The inclusion of logos doesn't mean the update is legitimate.
- ◆ Regardless of how good it looks - verify the source.
- ◆ Close the browser entirely if unsure.
- ◆ Never install .exe/.pkg files from a pop-up window.
- ◆ Enable auto-updates for your browser so nothing is missed.
