

Activate Your Awareness Training!

What is Pretext Calling?

Pretext calling is a form of social engineering where a bad actor attempts to gain information from an entity illegitimately by calling the target and pretending to be a person who has a legitimate claim to the information they are requesting.

What does **infotex** offer?

- ◆ **A Safe and Secure Process**

- ◆ **Semi-Blind and Blind Testing**

- ◆ **Ongoing Testing All Year-Long**

- ◆ **Timely & Actionable Deliverables**
